

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 1994-717-C - ORDER NO. 2004-436  
SEPTEMBER 21, 2004

IN RE: Application of ACC National Long Distance     ) ORDER CANCELLING  
Corp. for a Certificate of Public Convenience     ) CERTIFICATE  
and Necessity to Provide Resold Intrastate     )  
Interexchange Telecommunications Services     )  
within the State of South Carolina.     )

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of ACC National Long Distance Corp. (“ACC” or the “Company”) to cancel its Certificate of Public Convenience and Necessity (“Certificate”) to provide resold intrastate interexchange telecommunications services in the State of South Carolina. ACC additionally requests withdrawal of the Company’s tariff and the return of the Company’s surety bond on file with the Commission. A review of the docket file reveals that ACC’s authority to operate as a reseller of intrastate interexchange telecommunications services in South Carolina was granted by Order No. 95-1004, dated April 27, 1995.

By letter dated September 1, 2004, ACC, through the Company’s counsel, requests that the Company’s Certificate of Public Convenience and Necessity be cancelled, that ACC’s tariff be withdrawn, and that the Company’s surety bond be returned. According to ACC, the Company currently has no South Carolina customers and is not marketing its services in South Carolina. ACC advises that the Company is an indirect subsidiary of AT&T Corp. (“AT&T”) and that all services formerly provided by

ACC are now being offered or will be offered by other AT&T entities; therefore, cancellation of ACC's Certificate of Public Convenience and Necessity will have no impact on any South Carolina customers. ACC adds that the Company's instant request is being made as part of an internal AT&T program to streamline corporate operations and reduce the number of AT&T Corp. affiliates and subsidiaries. Concurrent with cancellation of the Company's Certificate, ACC requests that its tariff be withdrawn and the Company's surety bond be returned.

As ACC is no longer providing the services for which its Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that ACC's Certificate of Public Convenience and Necessity to provide resold intrastate interexchange telecommunications services within the State of South Carolina should be cancelled, the Company's tariff should be withdrawn, and the Company's surety bond should be returned.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold intrastate interexchange telecommunications services within the State of South Carolina authorized by Order No. 95-1004, dated April 27, 1995, issued in the instant docket to ACC National Long Distance Corp., is hereby cancelled.
2. The tariff of ACC National Long Distance Corp. is hereby withdrawn.
3. The surety bond of ACC National Long Distance Corp. on file with the Commission shall be returned.

4. This Order shall remain in full force and effect until further Order of the Commission.
